DPA BR SERIES

FOCA-BRAUN
MOBILIDADE DO BRASIL

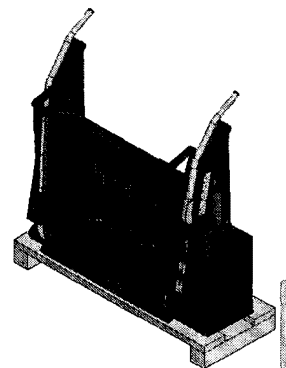

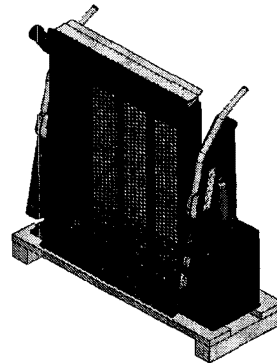

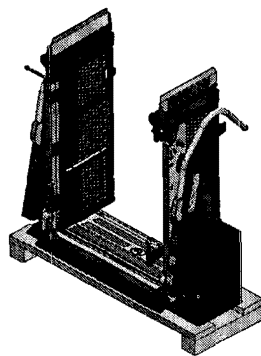

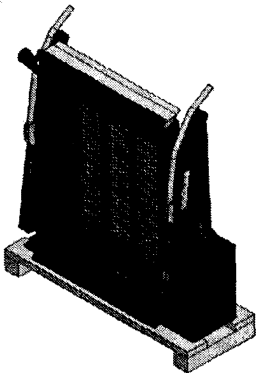

Presenting the DPA BR-SERIES, based on Braun's most famous E-Series Lifts:

DPA BR-SERIES LONG RANGE

DPA BR-SERIES SPLIT

DPA BR-SERIES SOLID

DPA BR-SERIES FOLDING

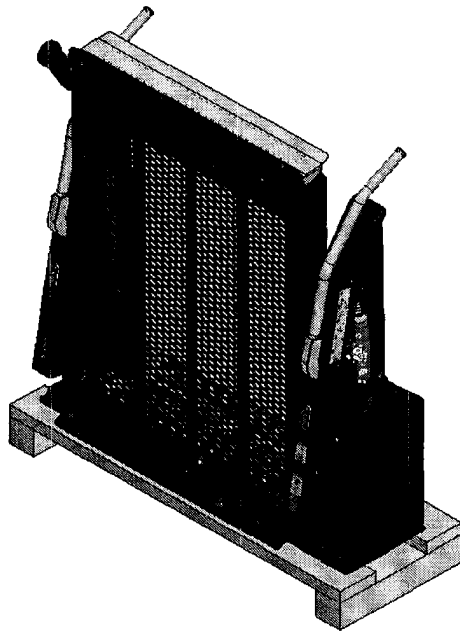

All lifts were tested in accordance with our Brazilian standard, and with BraunAbility's test sheet, including cycle tests and static load test.

DPA BR SERIES LONG RANGE

Based on Braun's Century Series, Foca-Braun has developed a tougher version of the Lift adapted for the markets outside USA. Main application: Buses

Main Features:

- Long Range = Floor to Ground of 1.200mm;
- Great "Kick-Out";
- 12V or 24V available
- Flashing light and alarm sound when in operation;
- Easy exchange pump position (left & right);
- High Load capacity (SWL) 400kg (880lbs);
- Available for Split and Folding Platforms.

DPA BR SERIES FOLDING

Based on Braun's E-Series, Foca-Braun has developed a tougher version of the Lift adapted for the markets outside USA.

Main Features:

- Long Platform with 1.500mm (59 inches);
- Folding system for the platform;
- Floor to Ground of 878mm;
- Great "Kick-Out";
- 12V or 24V available
- High Load capacity (SWL) 400kg (880lbs);
- Flashing light and alarm sound when in operation;
- Easy exchange pump position (left & right).

DPA BR SERIES SPLIT

Based on Braun's E-Series, Foca-Braun developed a tougher version of the Split platform Lift adapted for the markets outside USA.

Main Features:

- Floor to Ground of 878mm;
- Great "Kick-Out";
- 12V or 24V available
- High Load capacity (SWL) 400kg (880lbs);
- Flashing light and alarm sound when in operation;
- Upright roll stop on stowed (transportation) position;
- Small inferior cross-bar at the platform when stowed;
- Easy exchange pump position (left & right).

FLS. 432
PROC. 109/24
RUB. mf

DPA BR SERIES SPLIT

1 - Lift Dimensions (clear passage)

A - 1150mm (45 inches)

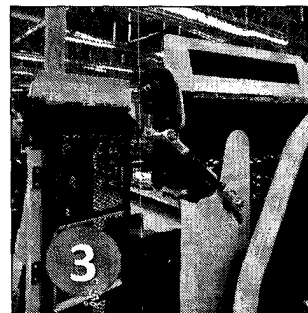

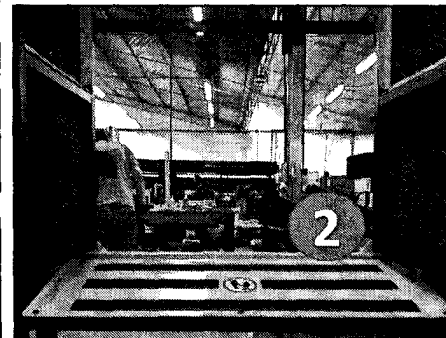

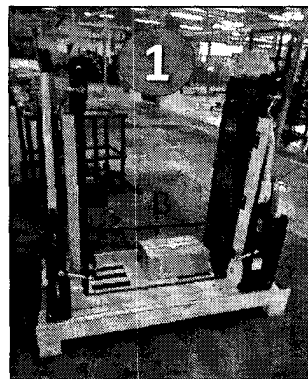

B - 700mm (27,5 inches)

2 - Platform Cross-bar

Small and aligned with the ramp, ensuring safety and smooth transition because of a very small step between the rear ramp and the cross-bar from the split platform.

3 - Upright Roll Stop

In an upright position during transport, ensuring safety because of a bigger clear passage with no sharp endings.

DPA BR SERIES SPLIT

FOCA-BRAUN
MOBILIDADE DO BRASIL

APPLICATION:

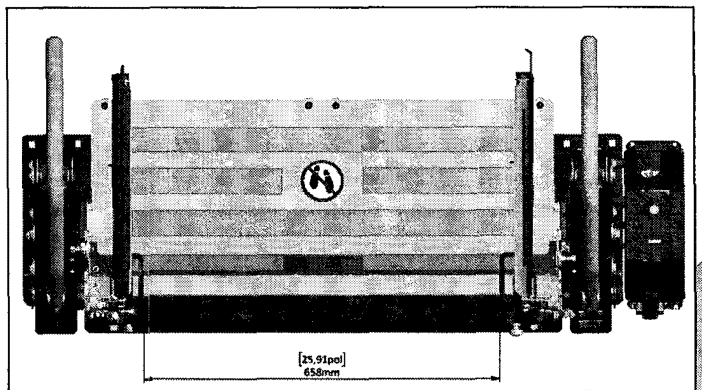

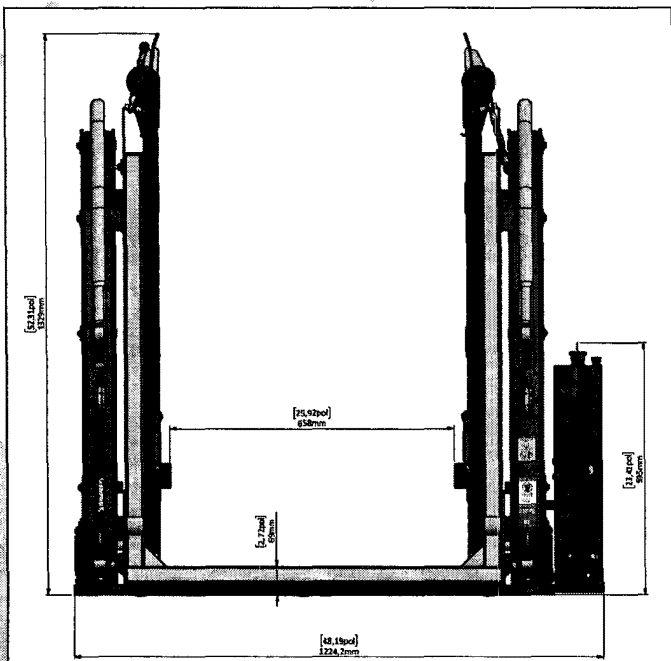

- Vans;
- Buses;
- Mini Buses;
- Ambulances;
- Medical Trailers;
- (un)Loading goods;
- Installation at vehicles' side or rear door;
- Other applications that require an "Out of the Way" where the vehicle's entrance can always be used to get in and out at any time.
